

St Margaret's School

5th October 2009

HPV Golf Day 2009

The Human Powered Vehicle parent volunteer committee of St Margaret's School is again hosting a golf day at Amstel Golf Club on Friday 27th November, 2009 to raise funds the school's HPV program.

Golf is a very popular sport and it can be enjoyed in a relaxed atmosphere with friends and/or business associates. The competition of the day will be Ambrose played in teams of 4 and you can take the opportunity to sponsor a tee and invite additional guests to the after golf dinner.

Trophies will be awarded to Overall Winners,
Mixed & Ladies Event.

In 2009 the St Margaret's cycling and HPV squad has grown enormously to include the boys from Berwick Grammar, this required a significant injection of finance to provide additional vehicles as well as a vehicle trailer and other timing and catering equipment to keep the squad up with and hopefully in front of other schools. This has all been achieved through the funds raised from last year's golf day. Our squad is now at the absolute forefront of cycling and HPV through rider development and having the resources available to ensure everyone who wishes to compete can do so with the best possible equipment.

I hope you will consider joining us at Amstel Golf Club. Please complete the attached team entry form and return it to St Margaret's School by **Monday 23rd November, 2009.**

Best Wishes

Helen McDonald (Dr)
Principal
