INTERNATIONAL ENTRY GUIDELINES

FOR STUDENTS WITH ENGLISH AS A SECOND LANGUAGE

English Assessment Test

All students wishing to enter our Schools in Years 5 and above who do not have English as their first language are required to complete an English language assessment test provided by the Australian Education Assessment Services (AEAS).

The application for admission will only be reviewed after the results of this test have been forwarded to St Margaret's and Berwick Grammar School. The AEAS test can be completed either in Australia or in the student's country of origin. Please nominate St Margaret's and Grammar School as your preferred School, as the testing agency will forward the student's test result directly to us.

Offers of a place at St Margaret's and Berwick Grammar School will be subject to the successful completion of English language (ELICOS) study as recommended by the entrance (first) AEAS test, and the receipt of ongoing reports from the Language study provider, showing evidence of excellent progress and attendance during those studies. These conditions will be outlined in the student's letter of offer. Students must maintain attendance at their school in their home country prior to travelling to Melbourne to commence

ELICOS studies.

ELICOS and English Language Preparation Centres:

St Margaret's and Berwick Grammar School recommends students attend one of the following ELICOS centres to complete their intensive language studies for the required number of weeks, as outlined in the student's letter of offer. Enrolment at a language preparation centre is the responsibility of the student and their parents, and evidence of that enrolment must be provided to St Margaret's and Berwick Grammar School when requested.
